# Assignment

- 1 You have until the end of tutorial, but it should only take around 15-20 minutes to complete
- 2 I will pass around a sheet for you to sign, this is not for attendance, it's just to make sure the number of assignments matches number of students
- 3 The assignment is open-book. You may discuss in groups of 2-3 persons and you must write down the names of all the members on your team on the second page.
- 4 **You may not discuss the questions by any form of communications with individuals outside of your tutorial room.**
- 5 There are 3 questions. The maximum attainable point of this assignment is 10.

Good luck!
