Assignment

1. I will pass around a sheet for you to sign, this is not for attendance, it's just to make sure the number of assignments matches number of students

2. The assignment is open-book. You may discuss in groups of 2-3 persons and you must write down the names of all the members on your team on the second page.

3. **You may not discuss the questions by any form of communications with individuals outside of your tutorial room.**

4. There are 2 questions. The maximum attainable point of this assignment is 10.

Good luck!
